Welcome to Poly,
Where being an individual
ranks among the highest of goals;
Where togetherness is taught
through individuality.
The people of Poly are
of a different breed
With a gaze towards success,
and a grasp on reality.

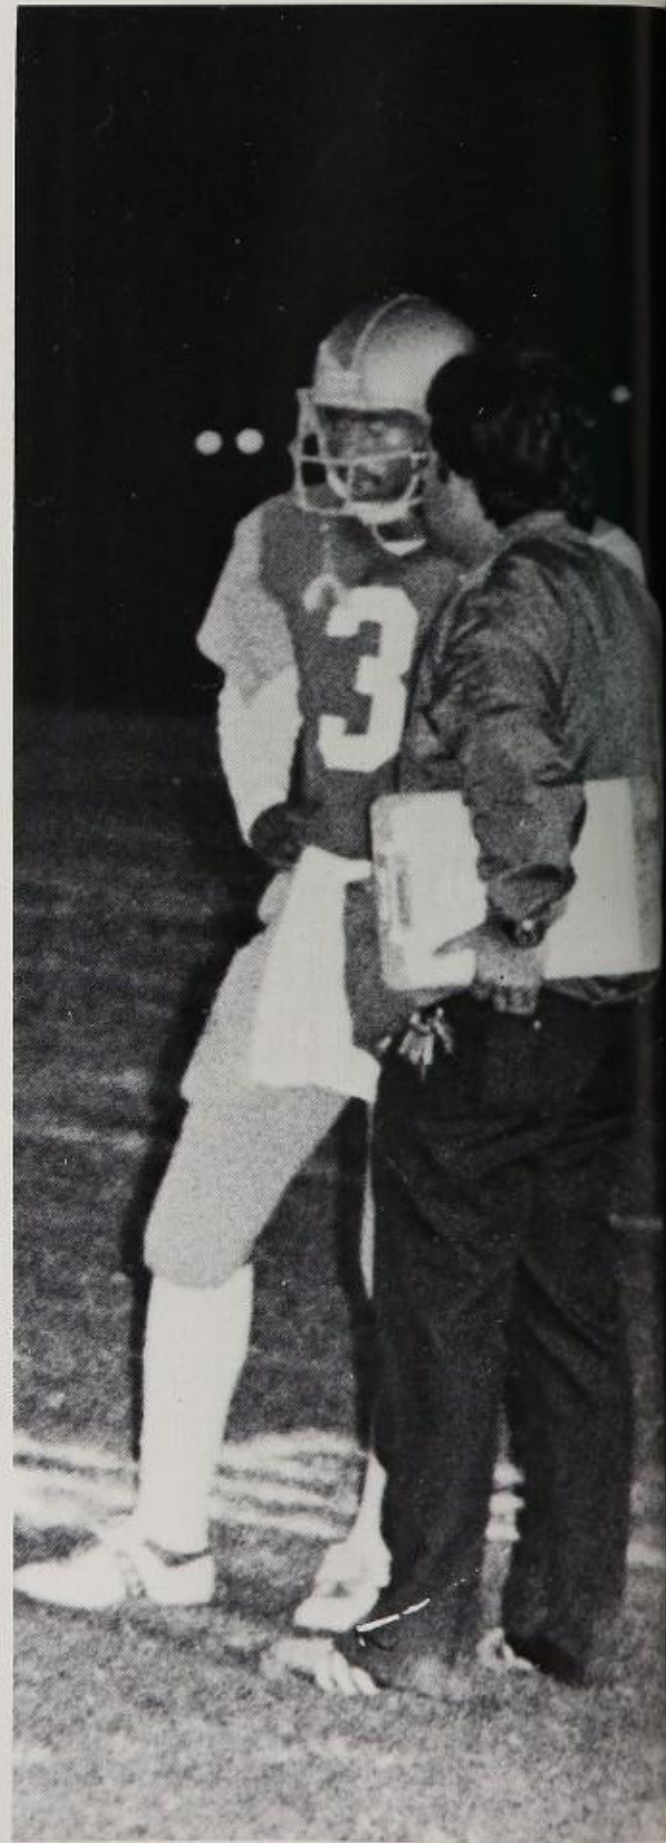

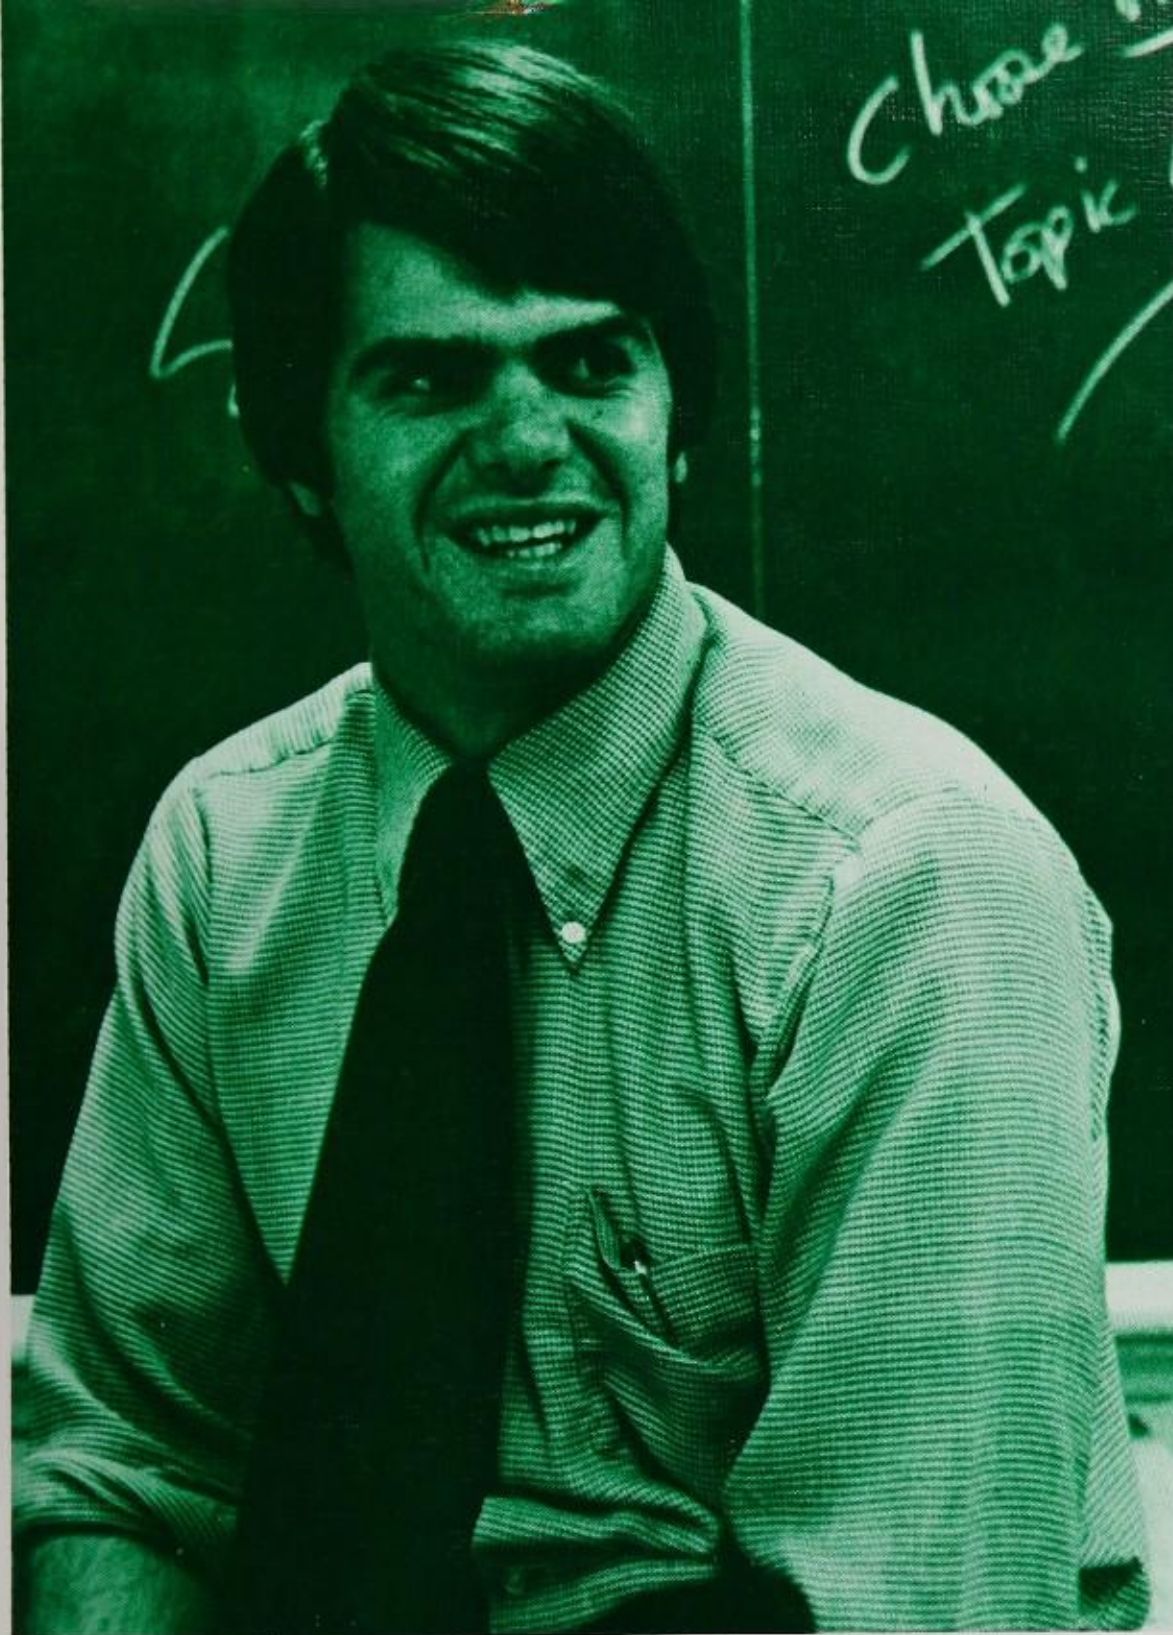

Life's simple pleasures
are the focus of attention.
Pleasures through teaching
and being taught,
The lesson often being
a sense of purpose and
to experience joy within
that purpose

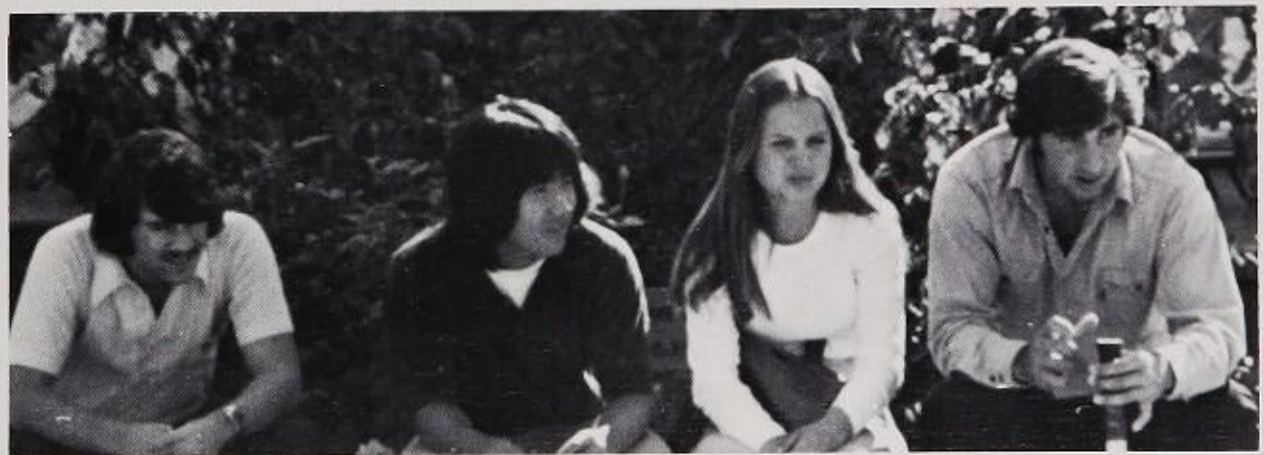

With victory in sight,
 we set our goals high;
 Yet our hopes were
 sometimes shattered.
 With a new face and old name;
 even Poly's defeats were sweetened
 by our victories.
 Whether we won, lost, or tied:
 We emerged triumphant
 in spirit.

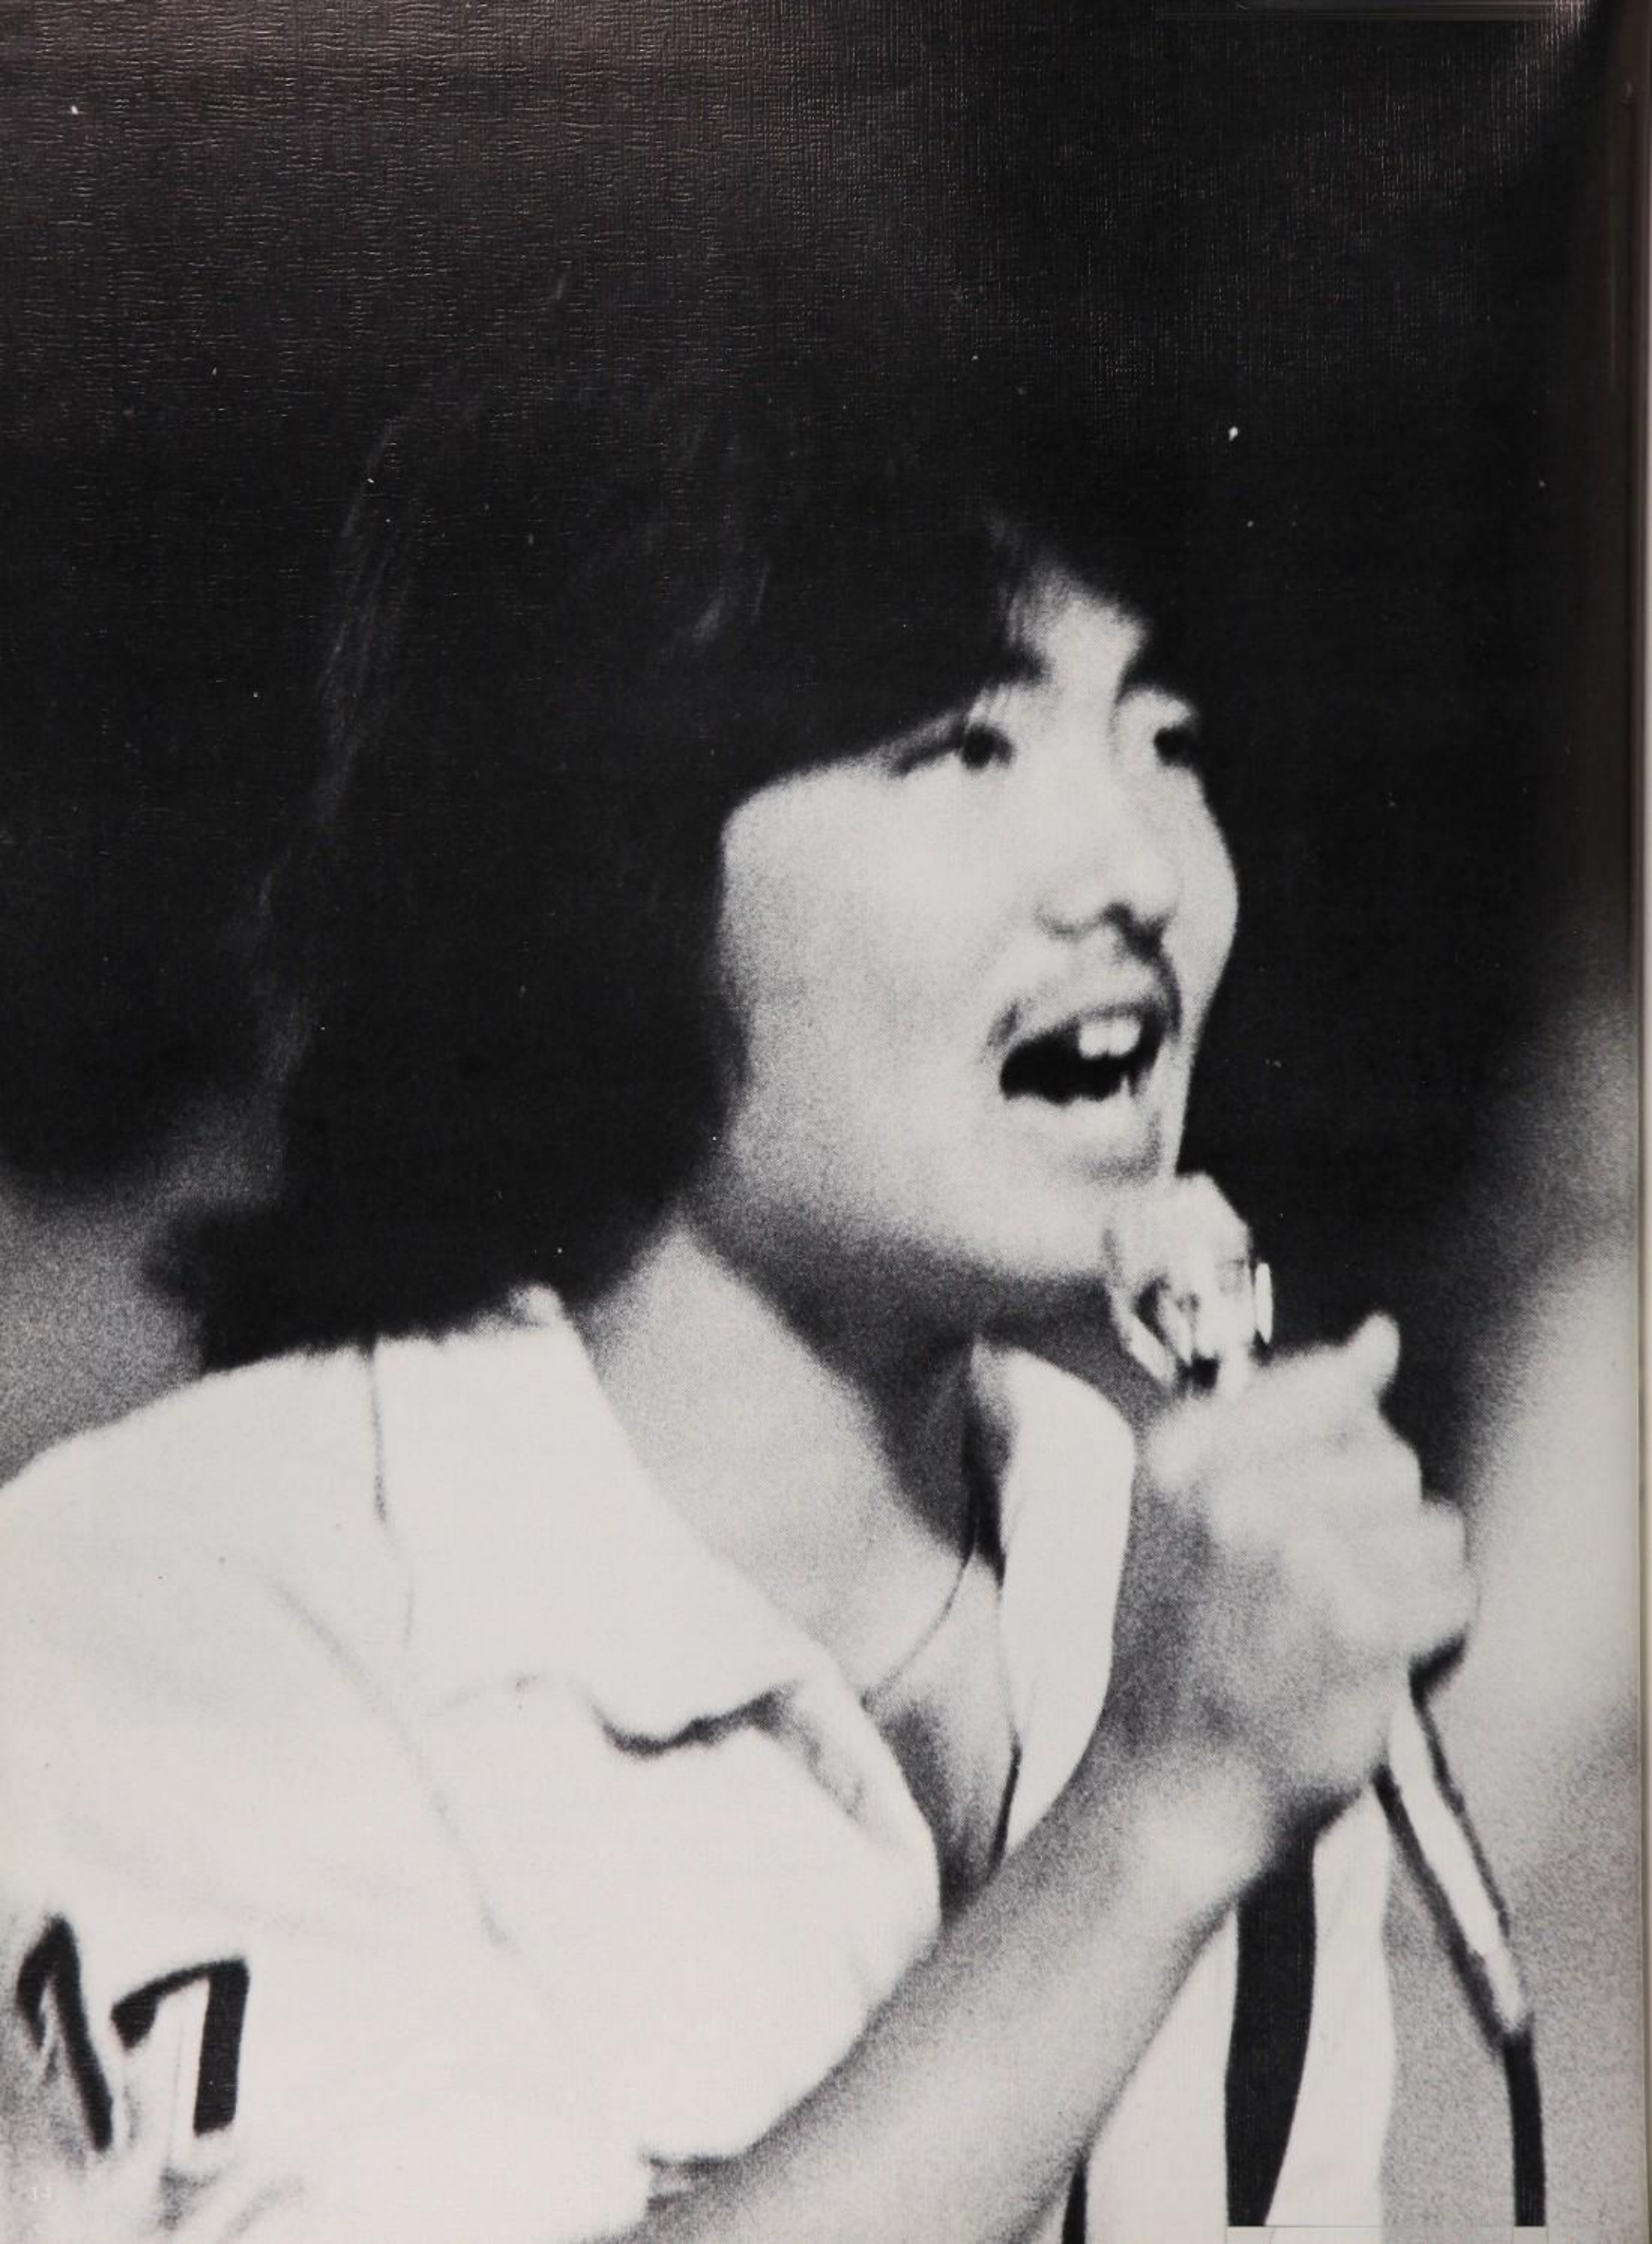

Paving a road of security and
cherishing memories that will all
Too soon be forgotten.
Memories of a High School
rich in pride and dedication,

being as true as the Green and Gold.
Alone in thought, yet together in spirit;
The tradition of Poly lives on.

Poly's Dancers Perform In Three Shows

This year Poly's dancers, under the direction of Ms. Mary Ellen Over, created many different dances to express their thoughts and feelings in three big shows.

Their first appearance was in October, in which the dancers represented the different cultures of the world. They took excerpts from this show to perform at the Homecoming Night Pre-game show.

With December, came Christmas and keeping with holiday spirits, the dancers dazzled the stage with a mixture of jazz and Christmas spirits.

Their final and most spectacular show was scheduled in May.

Forensics Enters Fifteen Tournaments

Forensics, an academic, competitive speech program, headed by Ms. Whiteleather has really gotten things rolling in the English department this year. They entered fifteen tournaments this year and six service club contests.

Students spent many out of school hours on debate, original oratory and interpretive events. Each week the Poly Forensics team met to conduct business and rehearse for competition.

For three consecutive years, Poly has each come out with a winner who has been given a one-week trip to Sacramento to visit our

² state legislature.

The biggest event of the year for Forensics is the California State Speech Tournament, where only winning speakers are allowed to compete. Poly has had a student qualify for the State Tournament every year since the Poly Forensics program has started.

Jazz Ensemble Hits "Top Ten"

This year one of Southern California's hottest jazz bands was the Poly High Jazz Ensemble. Under the direction of Mr. Bruce Polay, the Jazz Band has produced outstanding seniors, Charles Swain - lead trumpet, Harvey Williams - lead trombone, Greg Martin - lead tenor saxophonist and William Inouye - electric bass.

The Jazz Ensemble gained esteem and respect after being heard at the Burbank and Chaffey Jazz Festivals to name a few events. They played their way to a reputation as one of the Top Ten "Heaviest Bands" in Southern California.

Yell Leaders Go Co-Ed

For the first time in Poly history there was a change in the Varsity Yell Leaders' Squad. Two young ladies, Juliette Fields and Cynthia May led the way this year for the yell leaders as Captain and Co-Captain. The squad in the past has been made up of young men, but this year the tradition was broken.

"Poly Faces From Many Places" was this year's Homecoming theme. The week long festivities started with pep rallies, and continued with the Panther funeral, and ethnic dancing. Celebrating Homecoming eve, students decorated the Jordan campus. Homecoming morning students managed to get to school at 5:00 in the morning to prepare 30 booths where food was sold. A large portion of alumni participated in the Homecoming day.

Ambassadors Represent Five Cultures

Only in its second year, the International Ambassador selection committee was overwhelmed with 40 applicants for Ambassador. Out of all 40 applicants, the field was narrowed down to a selection of eight. Those chosen to represent the different cultures at Poly were Norris Bailey, Virginia Barragan,

Eamon Buehning, Steve Dohara, Randy Fedak, Jovita Monforte, Jeff Powars, and Vanessa Smith. They are the only one of its kind in the Long Beach High Schools. The Ambassador's job was to preside over all cultural week activities.

The students were highlighted at the Homecoming Night festivities.

Ten Stage Crew Members Keep Shows Rolling Smoothly

Stage Crew was a small group of students, often unseen, that made sure every show or presentation ran smoothly. They handled lights and sound at any event that needed them.

This year the staff was headed by Joe Rojas and David Thomas who both felt "that the students did not get the recognition that they deserved."

Much work was put into the building of the sets for the two major productions and due to Mr. Rojas' recovery from minor surgery, most of the work on the spring production was done, by a substitute.

The students on this year's stage crew were Tommy Bemis, Eamon Buehning, Dana Gray, Mark Hastings, Eric Macneal, Greg Mesa, Gary Ramos, Gilbert Solarano, Cameron Williams and Brenda Dickey.

Campus Doors Open To Community

A windy Sunday afternoon was the setting for Poly's First Annual Community Picnic. The picnic was held March 13, 1977 in the quad at Poly. Churches from the community were invited to attend and enjoy foods prepared by seven of Poly's clubs, including such ethnic foods as barbecued ribs, Teriyaki chicken, lumpia and chili dogs.

The Poly picnic seemed to be a success. The community and Poly enjoyed a day together.

Sophomore Cheer 'Built, Maintained Team Spirit'

ACADEMICS

Eveland Is Proud Of Poly

Poly — a beautiful Experience — 81 years old — over 46,000 graduates — school of scholars (over \$1,200,000 in scholarships and grants offered to last year's senior class) — school of champions (over 90 league titles and 59 CIF titles in these 81 years): we should all feel honored to be a part of it — a great institution whose accomplishments and heritage are as outstanding and as rich as any other in the entire country.

Whether you pass through its halls, sit in its rooms, relax under its trees, or stroll across its campus, you can sense the tradition; you know you're a part of something exceptional and good. One often-quoted anonymous statement is that in Long Beach there are only two kinds of people, those who graduate from Poly and those who wish they had. I believe it. How about you?

Poly North Going Through Changes

In the month of October all incoming sophomores had an opportunity to participate in the Poly North program which was directed and organized by Poly's career counselor, Carl Cohn. Poly North took place at Camp Oakes near Big Bear, during a weekend.

Over the past two years Poly North has had many additions. Orientation modules were set up, which stressed the uniqueness of the Poly High School experience. The facilities available included some new activities such as a rifle range, archery, and boating.

The modules were directed by staff counselors and Poly graduates. The senior and junior counselors were active in leadership as counselors. This was the first year that juniors were invited as counselors to Poly North.

In the words of Carl Cohn, "Poly North, hopefully was the beginning of a three year journey in positive human relations for the Class of 79."

Poly Library

Soft Walk, Soft Light, And Book Protection

The library got its new electronic system, new carpets and new multi-colored windows.
The windows were donated by the Alumni class of 1934-1939 called the "Golden Trinity Reunion."

The electronic system was installed to give the library books protection in such a way that if the books were not properly checked out, the arm of the machine locks and then it activates the alarm.

In the library of Poly High School, there were two rooms full of modern learning apparatus. These rooms comprised what was Poly's Media and Listening Centers. Through the use of these facilities, a student could watch video-taped programs of educational television shows or regularly scheduled commercial television. If any teachers wished to, they might tune in (provided they have a T.V. set and it was being shown in the Media Center) to either video-taped or regularly scheduled programs.

In the three years that the Media Center has had a video cassette recorder, a total of 90 video cassette tapes of educational programs have been collected. With 90 tapes on hand and the fact that each one could be erased and recorded over, the Center was almost assured an abundant supply of tapes.

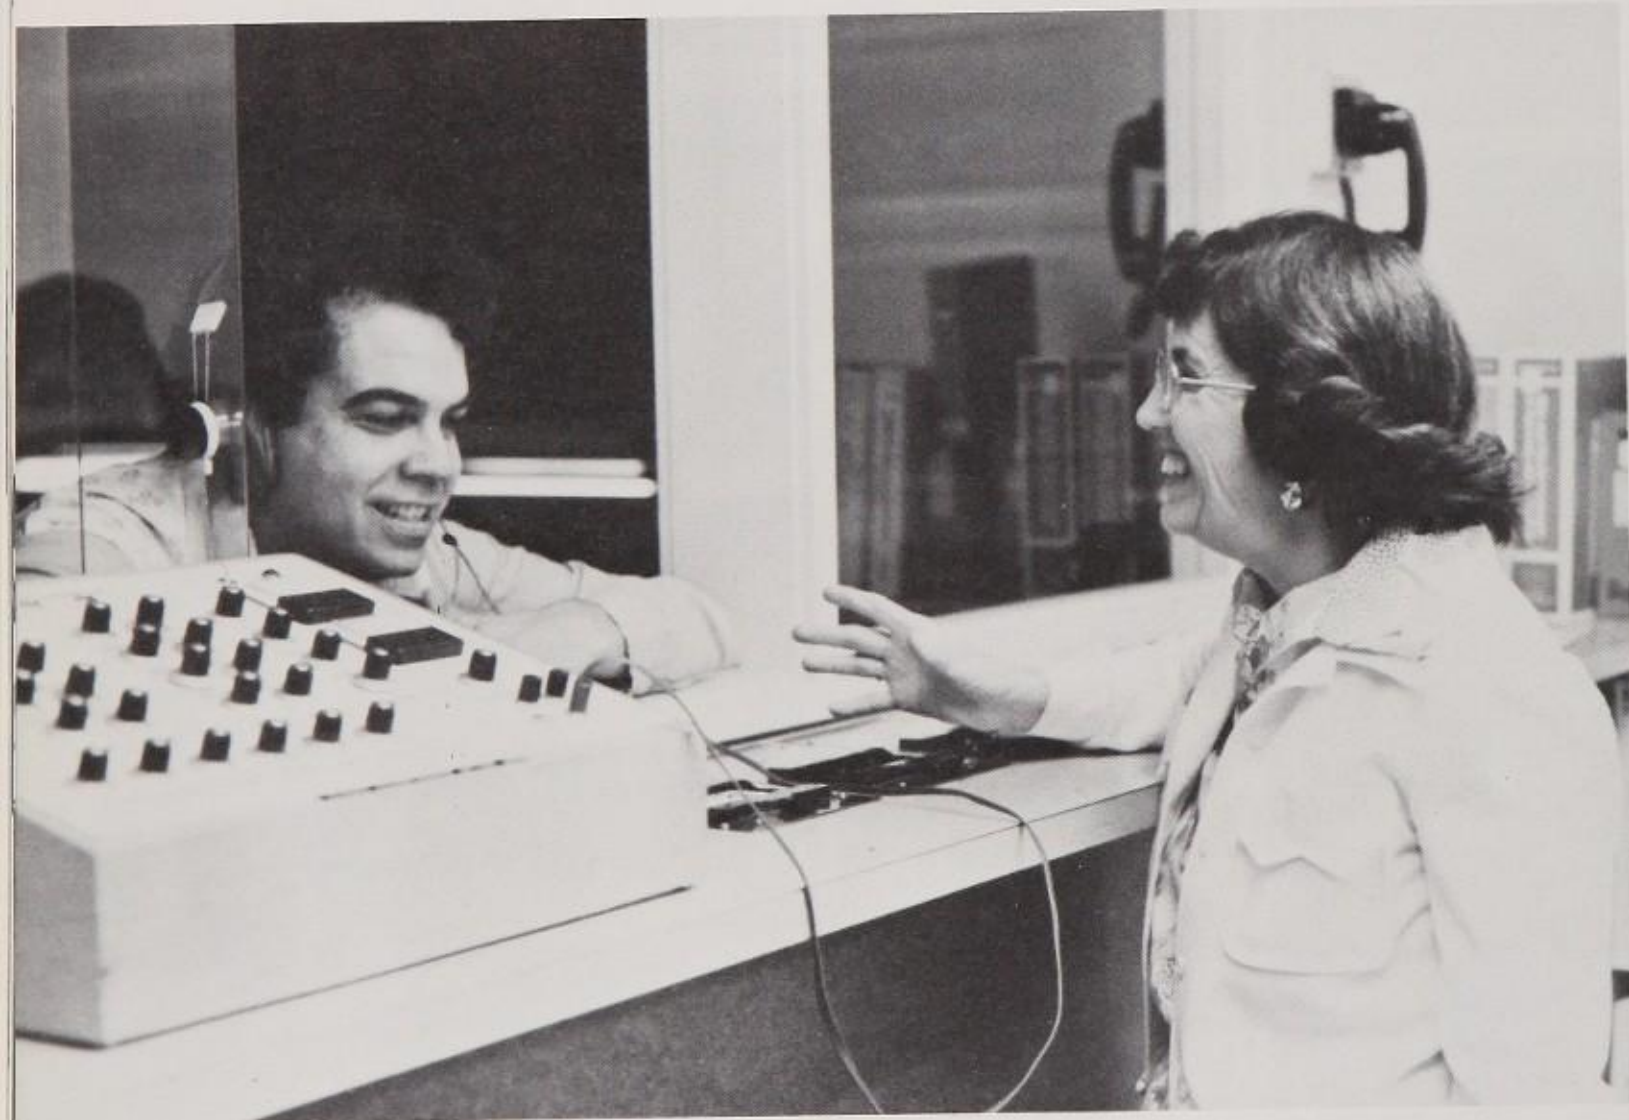

One file in the library's card catalog hold blue index cards. Each blue card contains the name of either a record, cassette tape, filmstrip, or 8mm sound movie that could be located in the Media Center. If one happened to find a record or cassette tape that they would like to hear, then one could enter the listening center, sit back and listen to the selections with the use of headphones.

In addition to the fine equipment in Poly's Media and Listening Center, the program had obtained many other items including: a cassette tape copier that can duplicate any length tape in a matter of minutes, a new visual maker to produce visuals for a 35mm projector, an automatic filmstrip projector, and a new stereo phonograph. The Listening Center also has plans to install new carpeting and windows.

Four Year Olds Go To Poly High

The Poly Pre-School was an education program of the Occupational Child Care and Child Development for four year olds. The children were taught various subjects.

Poly High school students had an opportunity to use the preschool as a learning lab to validate information learned from books while observing and working with the children.

The children in the preschool felt that Poly was their school.

Work Experience: Some Poly Students Learn And Earn

There are seven different programs or classes that most people refer to as "Work Experience."

CETA: Formerly called NYC. This program is co-ordinated by Mr. Rice and Mr. Rogers. Students are paid and also receive high school credits.

WORK STUDY: This program is co-ordinated by Mr. Cohn. A student must meet financial and specific vocational occupational class requirements. The student is paid and also receives high school credit.

DISTRIBUTIVE EDUCATION: CO-OP

BUSINESS EDUCATION: CO-OP. These two programs are co-ordinated within the Business Department. The student must be enrolled in specific Business or Distributive Education classes and be working on a job related to the type of class enrolled in.

The student receives high school credit and is paid by the employer.

EXPLORATORY WORK EXPERIENCE: (Professional Internship) This program is co-ordinated by Mr. Cohn. This class provides the opportunity to sample and observe a variety of conditions of work that will contribute to the career guidance for the occupation the student is exploring. The student receives high school credit but no pay.

GENERAL WORK EXPERIENCE: A supervised part-time paid employment as a part of the total school program. This part time work need not be related to the specific occupational goal of the student. Student is paid by employer and receives high school credit.

VOCATIONAL WORK EXPERIENCE: The co-ordinator is Mr. Sparkman. Basically the same conditions as with General Work Experience with one added stipulation. The student should receive concurrent related instruction and practical on-the-job training.

Poly ROTC Numbers 112

Polytechnic ROTC numbering 112 made up a battalion: a Rifle Team, Drill Teams, Honor Guard, Color Guard, Raiders, and a Staff of Officers. The Girls' Drill team was led by 1 SG Harris.

The ROTC participated in public parades, school flag raising, national and statewide competitive meets. The "ROTC Volleyball Match" was formed to create spirited competition between clubs.

The industrial arts department was much improved this year by the expansion of auto mechanics building.

Michael Childers, auto mechanics teacher, was quite happy with the improvements. He said with the four new hoists, students no longer had to get on their backs to work on cars.

Another change was the move for architectural drawing, a new course offering this year, and brick masonry. This move was to provide space for the new Health Center that went under construction and was the first in the district.

Humanities Students Create Renaissance Day

Each student in Humanities presented something pertaining to the Renaissance Period during Renaissance Day at Poly.

Humanities, taught by Henry Legere and Joel Tankenson, was the Honors Government class for qualified seniors.

"Hank and Tank" along with the students investigated humankind: how humans think, what they have accomplished, where they are going, and what civilizations they started.

Each student kept a journal for the entire year. The journal was a record of what he or she felt about a lesson, and how he or she reacted to day-to-day personal situations.

The class activities included the presentations of Greek Tragedies updated, guest speakers such as professional actors and prison inmates, a Renaissance Day and a Twentieth Century Day. The latter event came in the spring. Each student portrayed a prominent figure in today's society.

1. A chorus of jesters introduce the presentations during Renaissance Day.
2. Hank Legere talks with Cathy DeBruyne, Sonya Estby, and Teresa Arano outside Hicks Gallery. Steve Tong and Sam Samson enjoy behind them.
3. Charlie Kirkpatrick, Joe Storey and Mike Spaise debate about the reformation.

Students Take More Action In Leading SEA²

SEA: School for Educational Alternatives

Dennis Ruble, the SEA co-ordinator, met in the SEA study with students in a class called integrated colloquium. This group served as the action committee for SEA, deciding activities, handling the calendar, discussing problems.

SEA, in its fifth year, gave students opportunities to plan their school experience.

Students participated in the staff meetings seventh period on Tuesdays.

This year parents became even more active. Every month two or three parent, student, and teacher socials were held in the evenings. Six teachers were added to the staff. Tony Rogers and Steve Bicknese came in for two hours. Jim Barnett and the three reading

consultants came in for an hour each: one for Jim and one for the consultants. Only four teachers were in the program for four hours this year. Students were able to have flexibility in class offerings, but the mixed schedule made it impossible for the total staff to participate in common experiences or field trips.

PACE: 191 Participated In Second Year

The Program of Additional Curricular Experience was in its second year with 191 students: 69 students from other high schools and 122 from Poly.

The main purpose of PACE was to provide advanced classes for high school students in which they could earn college credit.

Last year 98 Advanced Placement Examinations were taken. Some students took multiple tests. In 77% of the tests taken, the students earned the equivalent of a "C" or better in college credit. Several PACE students went into college as sophomores: one student went in with 52 quarter units.

The PACE schedule ran from period one through period four. The students from other high schools in the district were bussed back to their home school after fourth period.

Hares End Up 4th In League

Pressure Plagues Defending Moore League Champs

Pressure is a thing that can either make or break a man; or for that matter a football team. When Poly's varsity football team started practice in the summer of 1976, there was pressure.

Pressure on the team to at least equal the performance of the Moore League Champions of last year, if not to capture the CIF 4-A Crown. When the Jackrabbits took the field during the first few months of school, there was pressure. For often times many loyal fans expected more from the team and often times put pressure on them for better results.

Despite all the tension put on the team, the Jackrabbits managed to place fourth in the Moore League with these All-League selections: Don Lonon, Andre Tyler, Kendall Williams, and the Defensive Player of the Year for the Moore League, Glen Windom.

Windom: League's Defensive Player Of The Year

1. Don Lonon bursts through San Gorgonio line. 2. Shevelle Ward running for daylight. 3. Deep in thought, Lonon plans his strategy. 4. Jackrabbit defense doing a job.

BURROUGHS — In the first game of pre-season, Don Lonon executed the passing attack to Andre Tyler. Shevelle Ward set a Moore League record with a 94-yard run. Wayne Nichols ran back an interception for a score. Poly wins, 20-12.

SAN GORGONIO — On a wet rainy night, Poly could do no wrong. Kendall Williams scored on a run of 50 yards on an interception and Jimmy Clinton made a diving catch to put Poly ahead of San Gorgonio, 33-0.

DOMINGUEZ — The Dons paced an early offensive attack, but the tenacious Jackrabbit defense held them to 12 points. Poly's offensive drives led by Don Lonon seemed to score at will with outstanding performances turned in by Rolie Riopelle and Dan Smith. Poly wins third straight, 33-12.

WASHINGTON — Ahead at the half 26-6, Poly went to the locker room confident and expectant of a win, only to return to the second half to find an aggressive Washington offense. Defensive linemen Tony Oldham and Roger Levasa put good pressure on the Generals quarterback, but that was not enough. Hares suffered first loss 26-27.

COMPTON — Opening game of the Moore League and Poly's offense had difficulty moving the ball. Starting quarterback Don Lonon was sidelined with a shoulder injury and back-up quarterback Alvin Eston did a fine job. Glen Windom recovered a fumble to give Poly its only score. Compton capitalized on Hare mistakes to give Poly a 3-2 record. Final score, 8-13.

LAKEWOOD — Lonon went to the air and hit Tyler with 9 passes to give the senior quarterback a total of 188 yards passing for the game. Offensive linemen Bernard New and Darryl Riley protected Lonon for much of the game. Wayne Nichols led the Poly defense to what Coach Gene Noji felt to be the best overall game played by the Jackrabbit Defense. Hares triumph, 24-0.

WILSON — A defensive battle to the end. The Bruins capitalized on nearly every Poly mistake and scored often on such occasions. Bryan Hawkins made several key pass receptions to set up Poly scores. David Hargrove played a fine game on offense as well as defense, but could not help his team to beat Wilson. Bruins win, 16-21.

JORDAN — Jimmy Clinton netted five receptions, but the Poly offense suffered from a case of turnovers. Poly fumbles and interceptions occurred at crucial points in the game to give Jordan the lead and eventually the game. The loss shattered the hope for CIF Playoffs. Rabbits' fourth and final loss, 7-8.

MILLIKAN — The outstanding performance by Glen Windom put the finishing touches on the League's Defensive Player of the Year Award. Tony Oldham and Charles Ussery caused Millikan fumbles and Hares capitalized to run up the score total to 20. Coach Noji felt that the team played its most inspirational game of the season and that the team approached the game as if it were the start of the 1977 season. Poly wins a good one, 20-13.

JV's Show A Promising Future

The 1976 Junior Varsity Football Team placed fourth with a 1-4 record in league play. Narcis Salera, MVP on defense, along with Willie McIntyre, MVP on offense, helped pace the Poly attack. Most Improved Player Mark Barbers and Most Inspirational Player Faipea Ava also helped to give Poly football a promising future.

Harriers Have A Tough Year With Both Teams Sharing A 1-4 Record

In his first year back after a two-year absence as the coach of Poly's cross-country team, Coach Jim Richardson felt that the league was surprisingly strong, and the scores to the right tell the story.

Both the Varsity and Junior Varsity teams ended up with identical records, with each squad's win coming against the Compton Tarbabes.

Webbits Take Moore League For The First Time In Poly History

Since 1895 there has never been a Moore League Water Polo Championship at Poly High School. Then came 1976 and with it a new tradition at Poly: championship water polo. This year the Webbits reigned over the Moore League. With an average of 14 goals per game, Poly became one of the top 8 teams in CIF with a record of 20-3. The 1976 Poly Water Polo team also took first place at the Buena Tourney and was ranked fifth in CIF competition earlier in the year.

Junior Alan Mouchwar led the scoring attack with a total of 130 goals over a span of 23 games. Another junior, Mark Quincey, scored 70 goals along with Dan Blount and Maurice Mouchwar scoring 36 and 32 goals respectively. Joel Storey, the starting goalie for the Webbits, totalled over 110 saves to keep the goals scored against Poly to below 7 per game. Coach Jones feels that with the fine performances turned in this year along with two starters and many other returning lettermen coming back to next year's team, that the Moore League Water Polo Championship Trophy is at Poly to stay.

Varsity Volleyball Comes In Fourth

Ronene Thomas and Robin Riopelle were named the All League Volleyball Players. Gina Madison earned honorable mention. Poly Varsity Volleyball team came in fourth in the league. They ended with a standing of 5 won and 6 lost. Ms. Moore and Ms. Barker, the coaches, said the Varsity and Junior Varsity were the most hustling teams in the league. They expect to be number 1 next year.

JV's Second In League

The Junior Varsity Team won 7 and lost 4, coming in second in the league. The team captain was Carol Mitchell. Either team didn't have much experience, but they did a great job stated Ms. Moore.

Lack Of Depth And Injuries, Keep Poly From Having A Winning Wrestling Season

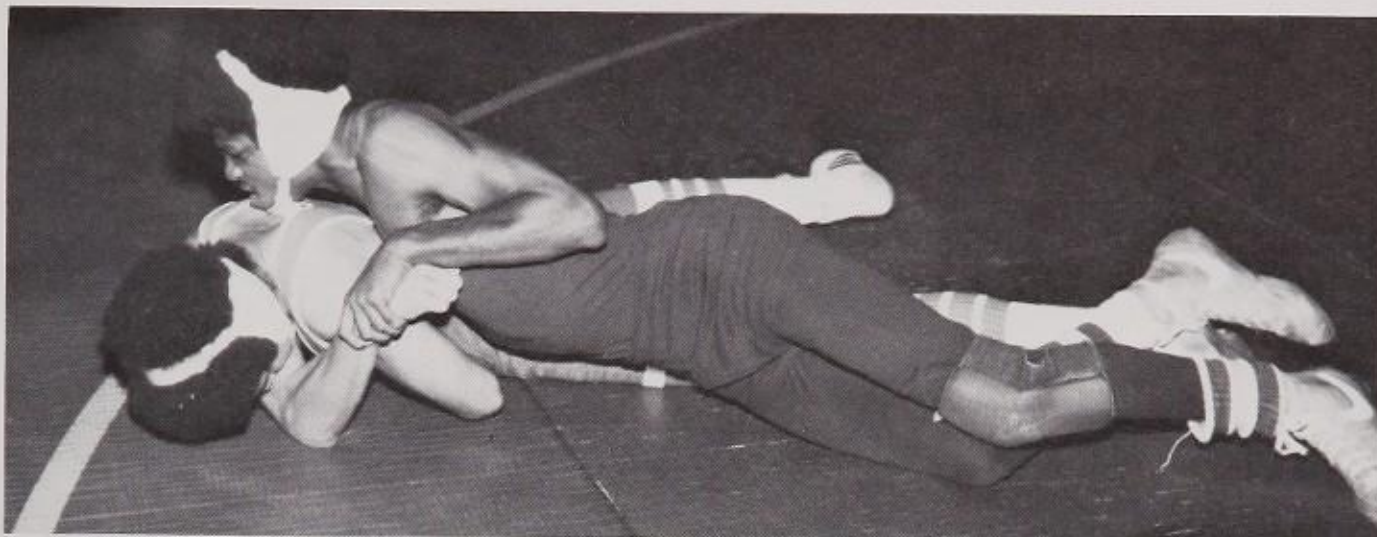

In his first year as wrestling coach at Poly, Tom Knudson found the going tough. Coach Knudson found good talent, but he also found something else. He found that there wasn't anybody to wrestle the "middle weights". As the league started, Coach Knudson couldn't find anyone to wrestle at these weights. What eventually happened and what also was the downfall of the team, was that the team had to forfeit at least four or five weight classes per meet.

Despite the great effort by Gerino Cinco, who took first place in league Poly could not score well in meets due to the many forfeits. Senior Dan Smith took second place while John Shaw and Mark Hayworth placed third in the Moore League Invitational Meet.

Poly Moves From Third in League to Second in Southern Section

The 1976-77 Jackrabbit basketball team went from being the third best team in the Moore League, to being the second best team in the CIF Southern Section. Poly was denied a second consecutive CIF Championship by Pasadena in the CIF 4-A finals held at the Long Beach Arena. It was the first championship won by Pasadena and the second time the Bulldogs defeated Poly. The loss in the championship settled the score of games played during the season between these two teams to 2-2. Poly ended the season with a 22-6 record.

Many individual performances were noted during the 1976-77 season. Manuel Johnson became the fourth all-time single game scorer with 37 points, and moved into the third place of single season rebounds with 388 boards behind Michael Wiley and Johnny Nash. During a game against La Salle High, the All-American senior pulled down a record 30 rebounds. Tony Gwynn tied a record set by Dale Dillon for most assists with 187 for the season. The all-city, all-league guard also moved into second place behind Dillon for most all-time assists with 278.

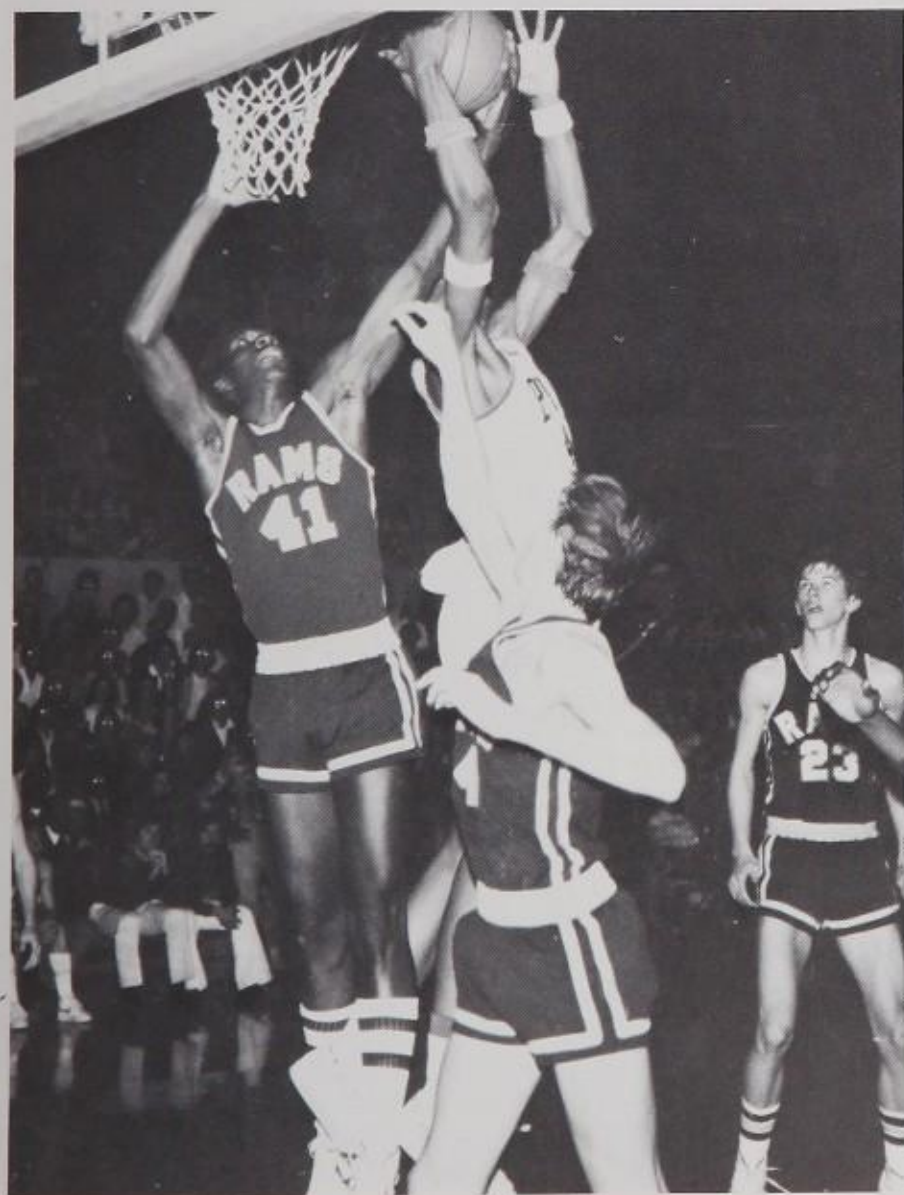

Coach Ron Palmer feels that if his rebounding pace keeps up, Ray Whiting will become the best all-time rebounder to come out of Poly. Ray totalled a remarkable 243 rebounds to put him fifteenth on the all-time season high record. The 6'6" sophomore was named to the all-tournament team in both the Beverly Hills and San Dimas Tournaments. The Philadelphia transfer, Dino Gregory proved his high ranking by averaging 14 points and 11 rebounds per game. Named to the CIF tournament team, Dino became eleventh on the all-time rebounding tally with 324 boards in one season.

JV's Take The Moore League

The 1976-77 Poly JV basketball team won the Moore League Championship. The Jackrabbit JV's finished the season with a 9-1 record under the direction of coach Jim Ferguson. Most valuable player James McDonald, paced the scoring attack while Eric Hertzog was named the best man on defense. The year's most improved player was Jeff Fulton.

Girl's Basketball turned in a fine performance in 1977 by advancing to the C.I.F. playoffs. At press time the Jackrabbit varsity basketball team's record was 8-1 with Millikan yet to play. Poly's scoring attack was paced all season by 5'7" junior Thera Smith with an average of 17 points per game. Thera also averaged 13 rebounds per game and shot 41% from the free throw line. Returning senior, Angie Anglin proved to be a big advantage for the team. She averaged 12 points a game and shot a remarkable 50% from the free throw line and from the floor. Another returning player, 5'6" Senior Sandra Solorzano, balanced out the scoring of the Jackrabbits by shooting 45% from the field and by averaging 7 points and 6 rebounds per game. Junior starters Eve Powars and Jamie McCombs averaged 9 and 6 points a game respectively with Jamie shooting 70% from the free throw line. Poly's Junior Varsity basketball team, at the time of this writing was 4-5 with a last game against Millikan yet to play.

Strong Individual Performances Help Keep Poly Afloat

Head coach Rick Jones entered the 1977 swimming season with high hopes after his water polo team took the Moore League Crown earlier in the year; but Jones found stiff competition in the Moore League. His Webbits found a strong team at Lakewood as well as at the ever-dominant Wilson High. This year's team swam well in the individual events with strong performances by Norm Bork in the breaststroke, Maurice Mouchwar and Mike Leue in the 50 meter freestyle, Dan Blount in the 100 meter freestyle, and from juniors Alan Mouchwar and Bill Alford in the butterfly, and 200 and 500 meter events respectively. Coach Jones felt that the team did a great job considering each man was entered in about two or three events per meet.

Gymnastics Program At Poly Shaping Up

The gymnastics program at Poly seems to have developed very well in the two years that Bob Piercy has been coach. Coach Piercy feels that if he has strong performances from seniors: Chris Busa, a three-year veteran whose specialties are the side horse and parallel bars, and Devon Teshima, who is a transfer student from Oregon and the most valuable all-around gymnast, that his team will be tough competition for their foes. Sophomores James Galloway and Steven Guerrero, whose specialty is the rings, have proven that they are quick and eager learners and that they will continue the tradition of learned athletes at Poly.

Track And Field "Looking Good"

Going into the 1977 track and field season, the Poly Jackrabbits look like they could "run away" with the league. With defending league champion Andre Tyler in the high jump and sophomores Denny Hansen and Shavelle Ward, who have both cleared 6'4" in pre-season meets, Poly has an exceptional jump crew. Coach Jim Richardson feels that Joe Flowers, Marvin Lard, Chris Neal, Joe Zahn, and Michael Bradley should ensure the hopes for a successful year in the sprints. Running the medium distances, 440 and 880 yard runs will be cross-country lettermen Gilbert Basadula, Charles Stephens and Nelson Herring.

Building For A Bright Future

Poly Tennis Tries To Regain Winning Form

Last year Wilson ended Poly's string of four consecutive Moore League Tennis Championships. This year's team, supported by a large group of promising juniors, hoped to bring back the Title. Leading the comeback was Poly's only All-League singles player, Erik Smith. Rounding out the singles spots were seniors: Eric Lamhofer, captain Steve Tong, and junior Zachary Downs. The doubles team of juniors Alan Bouch and Bryan Boghosian gave the opposition fits. The only question mark on the club was the second doubles team. Coach Nick Trutanich experimented with Gary "Fly" Robinson, Ed Kumiyama, Mike Weinert, and Mark Latimer, trying to find the right combination. On the verge of breaking into the Varsity line up was Curt Tani. With no real dominating player; hard work, depth, and enthusiasm mark this team as a winner for years to come.

JV's Expected To Finish High In League

Poly had a strong J.V. tennis team with many of its top players alternating to the Varsity level. Coaching this year's squad were Ken Booker and Senior "Big Bill" Ashcraft. Standout point getters for the doubles team were sophomores Alan Dickey and Mark Scholar. Juniors Mike Pratt and David Titano did a commendable job in singles.

Girls' Tennis Goes To Moore League

This year marked the first season that girls participated in Moore League competition. The season was lengthened from eight to ten games including Compton in the double round robin competition. The team was a very young group made up basically of sophomores and juniors who had no previous experience in competitive tennis. Although a young team, the girls gained a tremendous amount of experience and knowledge by competing against a difficult Moore League schedule. Coach Linda Vieth is looking forward to a successful season next year.

Poly was on the bottom of most everyone's list going into the 1977 season. With a new coach and a new baseball field, the Jackrabbits hoped for a better season. The new baseball complex is located just to the east of the student parking lot and just west of California Avenue. Head Coach Chuck Shafer believes that his newly acquired team has good talent, but that the talent needs to be better developed to come up to par with that of the Moore League. Coach Shafer also feels that the experience of seniors David Albin, Todd Bachman and Tony Gwynn and junior Lonnie Cotton will help "season" his young team. Mark Hayworth and Joe Woyjeck have shown Shafer great capabilities as sophomores.

AUTOGRAPHS

At the beginning of this year it seemed as though there would be more than enough time to capture the important portions of this year. But as time went by I realized that the "important portions" of this year to me were uniquely different to each and every individual and that even if I were the equivalence of an eternity I would never have enough time to capture the Poly essence, even for myself. Therefore, it became my hope to highlight the importance of individuality in people.

As you read through the pages of this *Caerulea*, I hope that the individual in you was at least touched.

Thank you for being a part of my individual Poly experience.

Respectfully,

Darlene Dameron
